Professional Summary

AWS Certified Solutions Architect – Associate with hands-on experience deploying, supporting and troubleshooting cloud-based applications on Amazon Web Services. Practical experience with EC2, ECS Fargate, Amazon ECR, VPC, RDS, Elastic Beanstalk, CloudWatch, IAM and Docker through cloud application deployments and operational support. Strong foundation in Linux administration, SQL, networking, monitoring and ASP.NET Core development with a keen interest in DevOps, WebOps, automation and maintaining reliable production services.

Technical Skills

- **Cloud:** AWS (EC2, ECS Fargate, ECR, S3, RDS, IAM, VPC, CloudWatch, Elastic Beanstalk, Amplify)
- **Containers:** Docker, Amazon ECS
- **OS:** Linux (CLI, SSH, permissions, file management), Windows
- **Programming:** C#, ASP.NET Core MVC, SQL, HTML, CSS
- **Tools:** Git, GitHub, Visual Studio, Figma, Oracle VM VirtualBox, Microsoft Office

Professional Experience

JUNIOR CLOUD ENGINEER

GIIT Africa | Jan 2023 – Jan 2024

- Supported deployment and maintenance of cloud-based applications using EC2, ECS Fargate, Elastic Beanstalk, RDS, S3 and VPC.
- Built, deployed and maintained containerised ASP.NET Core MVC applications using Docker, Amazon ECR and Amazon ECS.
- Configured VPC networking including subnets, route tables, Internet Gateways, NAT Gateways and Security Groups.
- Managed IAM users, roles and policies following least-privilege principles.
- Used Amazon CloudWatch to monitor application health, investigate deployment issues and support service reliability.
- Configured Amazon RDS SQL Server and AWS Secrets Manager.
- Assisted with troubleshooting cloud infrastructure, application deployments and production-related issues.
- Worked closely with developers during testing, deployments and issue resolution.

JUNIOR C# DEVELOPER

GIIT Africa | Jan 2022 – Dec 2022

- Developed ASP.NET Core MVC applications using C# and SQL Server.
- Built CRUD functionality using Entity Framework Core.
- Integrated SQL Server databases into web applications.
- Debugged, tested and resolved application issues.

- Designed responsive website layouts in Figma and created interactive prototypes before development.
- Produced multi-page website designs (up to 30 screens) and translated UI designs into functional ASP.NET Core applications.
- Used Git and GitHub for version control and collaboration.
- Participated in Agile sprint planning and stand-ups.

C# DEVELOPER APPRENTICE

CWG PLC | Jul 2021 – Dec 2021

- Developed C# console and ASP.NET MVC applications.
- Created UI components using ASP.NET MVC and Blazor.
- Recreated blog and web apps interfaces to strengthen front-end development skills.
- Assisted with debugging, testing and issue resolution.

CUSTOMER SERVICE REPRESENTATIVE

CashPal | Jan 2021 – Jun 2021

- Resolved customer enquiries while maintaining excellent customer service.
- Investigated customer issues and provided timely resolutions.

ACCOUNTANT / OFFICE MANAGER

Tetrazzini | Apr 2016 – Nov 2020

- Managed payroll, inventory and office operations.
- Maintained business records and supported administrative processes.

AWS Projects

Containerized	ASP.NET	Core	Web	Application
Technologies: Docker, ECS Fargate, ECR, RDS, VPC, CloudWatch				

- Containerised and deployed an ASP.NET Core MVC application using Docker, Amazon ECR and ECS Fargate.
- Configured a custom VPC, private RDS database and AWS Secrets Manager.
- Monitored deployments and investigated issues using Amazon CloudWatch.

ASP.NET	Core	MVC	Deployment
Technologies: Elastic Beanstalk			

- Deployed ASP.NET Core MVC applications using Elastic Beanstalk.
- Configured environment variables and monitored application health.

Serverless	&	Static	Hosting
Technologies: AWS Amplify, S3, CloudFront			

- Hosted static front-end applications using AWS Amplify integrated with GitHub.

Application Development Projects

- Cloud Recommendation WebApp – ASP.NET Core MVC, SQL Server
- GistPage – Movie review and blogging platform
- Stanfooties – E-commerce platform for shoes

Education & Certification

- MSc Computing – Edinburgh Napier University, UK (2025)
- BSc Mathematics & Statistics – University of Lagos (2016)
- AWS Certified Solutions Architect – Associate
